15	1000 x 800	940 x 740
16	1030 x 730	945 x 645
17	1050 x 1010	1000 x 960
18	1100 x 1000	1050 x 1050
19	1150 x 790	1090 x 730
20	1200 x 800 pattern	1140 x 940
21	1200 x 1000 corner	1135 x 935
22	1200 x 1000 pattern	1140 x 940
23	1200 x 1060	1150 x 1010
24	1230 x 1030	1180 x 980
25	1470 x 1150 pattern	1410 x 1090
26	1700 x 1150	1640 x 1080
27	1800 x 1140	1740 x 1070
28	1830 x 1120	1780 x 1060
29	2270 x 1500	2190 x 1420
30	2330 x 1595	2250 x 1520

STRUCTURE AND COMPONENTS

Positioning Locks - A key component of the box is the unique and easy-to-use CamLock that has a one-push sliding system that allows quick & safe assembly & disassembly of the box. This innovative lock involves a snap-closing action that securely positions the sleeve walls to the pallet & lid, preventing inadvertent opening or displacement.

Window - This optional port allows the desired ease of access during loading and unloading of material. This no-gap closure with its special lock ensures that the interior remains dust-free during dry storage and transportation.

Partitions - The optional partitions serve as cushions for horizontal and vertical segregation of goods, ensuring that there is no contact between materials, or damage to the goods. Honeycomb Tier Separators & Partitions function as high performing shock absorbers, especially during transportation. These interlocking panels can be portable, removable or permanently integrated, as desired.

SUPPLY CHAIN SOLUTIONS

ADVANTAGES

Offers multiple benefits over conventional storage & transportation systems like paperboard boxes, wooden planks and plastic crates.

- The intelligent space-saving foldable & collapsible design provides 70% Freight Cost Reduction in Reverse Logistics and CO2 Emissions.
- Has optimized sizes for truck loads & sea containers to make the most out of transport volume. They can be reduced to minimum size to save up to 80 % volume of return transports.
- Customizable Dimensions as per material handling dynamics ensure the most optimum usage of floor space and maximum carrying capacity.
- Outstanding cost-performance ratio with consistent & high reusability.
- Excellent strength to weight ratio.
- Excellent strength to weight ratio. Racking & stacking of variable height & size for increased warehouse space effciency.
- Fumigation free, zero maintenance and export-friendly.
- Foldable/Collapsible BOX significantly reduces storage costs

PROTECTION FEATURES

- Permanent Protection from Dust, Dirt & Moisture
- Fragile goods can be transported safely
- Permanent protection of product from Scratches & Dents during transit

HANDLING FEATURES

- Efficient, Fast & Ergonomic Assembly & Disassembly
- No Manual Locks Required
- Minimized Risk of any loose components
- Intuitive and user friendly
